ABOUTS

30 YEARS OF EXCELLENCE IN LOGISTICS

Bosmar Trans was founded in 1992 in Istanbul as a boutique transportation company. Over the past thirty years, we have transformed into a global logistics provider while maintaining our commitment to personalized service.

By combining people-focused solutions with digital innovation, we have successfully merged traditional logistics expertise with modern technology. Our experienced team works tirelessly to ensure that your import and export shipments move seamlessly across international borders.

Today, Bosmar Trans operates through an international logistics agency network spanning over 140 countries, offering comprehensive logistics solutions including sea, air, and land transportation, warehousing, customs clearance, and specialized project cargo handling.

Earn discounts on every shipment — with no minimum cargo limit!
